Art no. 00 21 50 LE

Everything you need – for everything you need

Your reliable partner for every job: transport up to 15 kg of tools and accessories in the backpack

KNIPEX Modular X18

Light, flexible and unique: The modular tool backpack for all those who make no compromises in their work

- Fits you and your tools: practical and comfortable due to fully hinged front and back, removable tool board and padding for your back
- As individual as you are: optimal flexibility due to innovative FIDLOCK® connectors and MOLLE webbing
- Fit for any challenge: with two separate inner compartments for tools, measuring instruments, notebook or tablet

> Durable fabric made of sustainable recycled synthetic fibers, splash-proof and easy to clean
> Waterproof molded bottom made of impact-resistant plastic for a secure upright position when opened and closed, 6 cm high
> One MOLLE strap on the inside and four MOLLE straps on the outside for attaching any adapters, carabiners and accessories
> FIDLOCK® connections are fastened or unfastened in no time at all
> A total of 21 retaining loops and 37 pockets, some with zips
> Luggage strap for fixing to telescopic handles of tool cases
> 50 x 35 x 25 cm (H x W x D), empty weight 2.9 kg, tested load capacity up to 15 kg

FIDLOCK® adapter with fabric loop

FIDLOCK® connector to reinforce the support system

The luggage strap allows convenient attachment to telescopic handles of tool cases

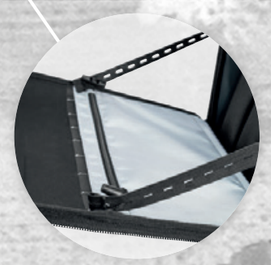
Separate laptop compartment

Carabiners or FIDLOCK® adapters can be attached to the MOLLE straps and combined in almost any way

Removable, half-height tool panel

Small parts tray

Lockable zips



Adjustable opening width

Over 50 tool holders, you can store up to 15 kg of tools neatly, reliably and always within easy reach.
