DESCRIPTION

- With up to 75 Nm of max torque and 200 rpm's, this tool is the ideal fastening solution for automotive mechanics, maintenance and repair professionals.
- Low profile head design allows users better access in tight spaces.
- The industry leading FUEL™ technology combined with a reinforced mechanism and investment cast steel yoke housing provides greater durability for the professional user.
- REDLINK PLUS™ intelligence system delivers an advanced digital overload protection for tool and battery and uniquely enhances the tool performance under load.
- REDLITHIUM™-ION battery pack provides superior pack construction, electronics and fade-free performance to deliver more run time and more work over pack life.
- Variable speed metal trigger provides ultimate control of the tool.
- Premium rubber overmold withstands corrosive materials and provides increased comfort when in use.
- The LED light illuminates the work area while the on-board fuel gauge displays remaining run time.
- Supplied with 1/4" adaptor.
- Flexible battery system: works with all MILWAUKEE® M12™ batteries
- **Supplied without battery and charger.**

FEATURES

Symbol	M12FIR38-0
Wyjście	3/8"
Nm max	75
Ilość akumulatorów	brak
Zasilanie	battery
Napięcie akumulatora [V]	12
Obroty [obr/min]	0-200
