WMB markers on roll

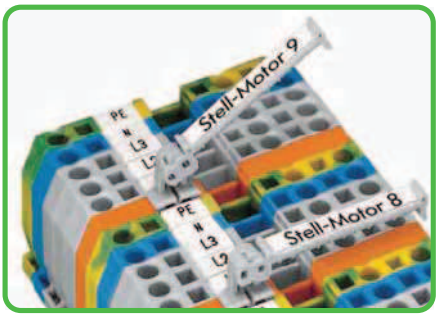

Marker strips for center marking

TOPJOB®S
Group Marker Carriers and Marker Carriers

Group marker carrier	Marker carrier

This pivoting group marker carrier has been developed for group marking of rail-mount terminal blocks to satisfy several customer requirements:

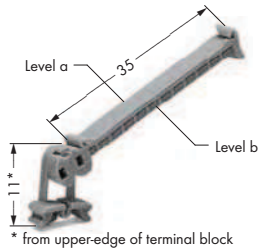

- Can be used in all multiprofile marker slots for rail-mount terminal bocks from 5 mm/0.197 in on or in spacer housings as shown above.
- Improves marking visibility due to difficult mounting conditions by pivoting into one of seven stable positions.
